Job: Chevron Products Company

I'm still working at Chevron, making gas for the people. I'm in my 34th year and will probably work 3 to 4 more years before retiring. That all depends on the kids of course. Brooks graduated from UC Davis in 2017 and is working as a data analyst at a financial consulting firm in San Francisco. He shares an apartment in the city, so he is paying the big city rent. He is thinking about grad school but undecided as to when or where. Calvin is studying photography at the School of the Art Institute of Chicago, living and attending classes downtown in the Loop. How did it happen that I have two big city kids? It is just the dog and me at home. Please call if you visit the Bay Area – I'll always make time for dinner in San Francisco.

Job: Retired fr West Hills Middle School

Mary Jane and I spent the summer up north at Mullett Lake. I just retired from teaching in Bloomfield Hills Schools for 30 years. Tutoring math, focusing on my computer business and home projects will be a focus this year. I still enjoy cycling and golf, but hope to do more fly fishing and skiing as well. Daughter Meg is graduating from Medical School, son James is a robotics programmer, and son Thomas is a freshman at Grand Valley State. Hope all of you are doing well. God bless all of you and GO BLUE!

Coles, Brian & Jennifer

Job: Coles Law PLLC

The family continues to grow and amaze.

Daniel is a junior, playing water polo and swimming. He's quite strong academically... not sure where he got that. He's already thinking Michigan, State or someplace out east.

Nicholas, a freshman, is large and in charge. Soccer, basketball and rap music take up all of his free time.

Katie, a sixth grader, also doing well. Field hockey, swimming and friends are all the rage.

Jennifer's practice is growing 25% a year, and it keeps both of us busy.

My father, 86, ran the Free Press Marathon in 2017 as a relay. I, along with my brother Pete, and two nephews ran the other legs. He may have been the oldest participant, so it was a special day.

I hope you and yours are doing well

Decker, Dave

Job: Adient Automotive
CIO

Continuing to do IT consulting, implementing a digital transformation for an engineering firm in Connecticut. I'm enjoying that and it provides a continued set of growth experiences for me. I continue to serve as Secretary of the Epsilon Trustee Corporation. I also had the chance to visit with many brothers in Chicago when Dave Stevens hosted us at the Northwestern game, and also at our reunion during UM Homecoming. Great seeing everyone!

Margaret (24) is in her second year of grad school at the University of Chicago in the Harris School of Public Policy. Phillip (21) is continuing his college studies at Washtenaw Community College, and has become quite a cook lately! Andrew (17) is in his senior year at Fr. Gabriel Richard High School and playing varsity football and lacrosse. He's applying to colleges now, including the UM School of Kinesiology, so perhaps a future Lodgermatic participant!

Job: Retired (Whirlpool)

All is good in St Joseph, MI. Both daughters are still at EMU (Sophomores). Both still in the Honors college. Kristen is

studying psychology and Sarah is in Sales, Marketing and Communications. Both seem to enjoy college life and are doing well. Dennis retired from Whirlpool after 34 years. Decision was made pretty easy when we found my job had been eliminated. Got a nice RIF package. Karen is still a bookkeeper for ASABE. I couldn't talk her into retiring. I keep busy golfing and volunteering for the local Habitat for Humanity organization.

Meanwhile, "The Streak" continues and is currently at 308 at this writing., which includes the recent night game vs. Wisconsin. I figure that I can, based on my family history of longevity, reach the 600 game milestone if I can make it to 93.

Golia, Gino

Job: Cisco
Senior Project Manager, New Product Int

After a good 18 months of recovery for a strained iliopsoas (think "groin pull") following a successful hip replacement surgery, I'm finally able to incorporate (without pain!) more movement and activities back into my day-to-day life. I am happy that strength, endurance, and mobility are returning to allow me to resume the activities I enjoyed before my hip started giving out.

For the past two years. I was working for a small cyber security company that was headquartered in Ann Arbor. In August 2018, that company, Duo Security, was acquired by Cisco, Inc. for \$2.35 Billion, marking a huge accomplishment for our fledgling startup and for the Ann Arbor community. I don't know my exact role yet in the new reporting structure, but I hope that visits to Ann Arbor will continue. I look forward to enjoying some time with Brothers during those business trips.

This past year was filled with outdoor jazz/blues concerts on Friday evenings in Sausalito, getting to spend time with new and old friends, and a very relaxing and long over-due week in Cabo this past August.

I got the chance to meet with some younger Chi Psi Brothers the year via Yuca Hung, my link to pledge classes after I graduated. My invitation still remains open to any Brother visiting the Bay Area who wants to enjoy a drink or two during his stay in San Francisco. I'm just on the other side of the Golden Gate Bridge, but I'm more than happy to meet up in the city, wine country, or someplace in between.

Wishing you and your families all health, happiness, and continued prosperity. YITB, Gino

Celebrated Mom's 90th in Denver with her twin in January - was a blast with all my cousins, a beer-bus tour downtown, and nonstop pinball at cousin Cammie's! Still hanging onto my job after VP gave my team a shoutout during a corporate webcast for warranty costs that are dragging the company down. When they ask for names I give them my boss's... seems to work so far - Ha! ;-) Ran a Tough Mudder with Willy and Wonger in June on what felt like a winter day. Had a great time visiting with Reynolds, Stevens, and the gang in Chicago this Fall. Dave and Tom both opened their homes to host a gaggle of us - wonderful times! And Bigs pulled off another awesome reunion in A2 at Homecoming - can't thank him enough for pulling us together! Those who missed the reunion this year can try again next time! Hope all is well with you!!

Moore, Franklin (Spike) & Jennifer

Job: Vintage Financial
 Investment Advisor

Enjoying the empty nest and travelling a lot. My

Moore, Franklin (Spike) & Jennifer

company, Vintage Financial, has been getting some great national recognition over the past year or so and continues to thrive in downtown Ann Arbor. Even better, I've cut back my role and am able to work part-time from our boat or some exotic travel spot.

Kids are doing great. Kate finished her PhD in math from Dartmouth and is doing post-doc work at Wake Forest. Mac is living and working here in Ann Arbor and got engaged this year and Michelle graduated from CMU and lives in Nashville. Was sorry to miss the recent reunion, but we were travelling in Europe.

Moy, Alex

Job: Graphic Strategies
 Le Fromage Grande

Hello Brothers! I've been slowing my Macintosh consulting work to allow for more fun traveling. Travels this year have included: France (Lyon & Paris); Cape Cod with my Dad & family; New York City; Washington D.C.; Denver; Las Vegas for a couple of conventions and Hawaii (Waikiki and North Shore of Oahu). And of course, Michigan.

Both restaurants I've partnered in, Tripel and Playa Provisions, are still going great! We opened The Tripel (<http://thetripel.com>) in April 2011. Then Playa Provisions (<http://playaprovisions.com>) opened in May 2014 and it's been one of the hottest places in LA ever since!

I've still been shooting as many photos as I can... especially the overseas trips, car races, beach volleyball, live theater productions, WonderCon and various rock shows. Most of my current photos are viewable on FaceBook at "alex.moy" or moyboy@aol.com so please take a look there.

If anyone gets out to the Los Angeles area, please give me a ring! I've got a few restaurants you gotta check out!

LinkedIn ID = alex@graphic-strategies.com... but I rarely use it... more on Facebook as alex.moy or search moyboy@aol.com

I'm completed my MSU Horse Management Program in December 2017. I was privileged to work at Camp Michigania the past two summers (2016-2017) in the riding program and had a blast playing with 30 horses. My daughter Anne is back at UM as a full time student in the Post-baccalaureate DNP (Doctor Nurse Practitioner) program and has chosen adult-gerontology acute care nurse practitioner as he clinical focus. Yikes. Robert graduated in April 2018 from Eastern Michigan with a degree in computer science.

Job: Cisco Networks

Reilly graduated from UofM with a computer engineering degree and, after traveling Europe and Japan this summer, started a job at Microsoft in Redmond. Spencer is in his second year at UofM studying computer science. Me... I tried keeping up with Willy and Lockhart during the Tough Mudder. (Ha! Lockhart wrote this!)

Job: Institute for Nonprofit Excellence

I am still living in Fort Lauderdale (1625 Poinsettia Drive, Fort Lauderdale, FL 33305). No major changes since last year. Audrey and I are enjoying the sun and sea. I did get together twice with Ben Chamberlain this year.

I saw all the notes about LinkedIn, so I am

including a link to my profile, <https://www.linkedin.com/in/peterwragg/>. Facebook is probably a better place to connect.

Go Mets!

The family and I are doing great, we wish you the happiest of holidays. A couple years ago, we moved into my parents house in Clarkston after they had both passed away. It's a beautiful contemporary house that Dad and Mom dreamed of, architected, and built. As for the family, our two oldest boys graduated from Michigan. Tommy is both working at UofM Hospital in finance while on an accelerated track for his MBA at Ross. Nick joined Avanade in Chicago which is a partnership between Microsoft and Accenture. And Jack is doing great at MSU as a Junior. So Sandi and I are empty nesters enjoying relaxing nights at the house or out on the town. This year Sandi changed from teaching Kindergarten at St. Regis (next to Brother Rice in Birmingham/Bloomfield) to teach Math/Religion for 6/7/8th graders at Most Holy Trinity in Detroit. It's a bit of a drive, but with her passion for teaching, she was excited to make a difference in Detroit. Sandi and I have been together 28 years this year.

Yurko, Chris & BethJob: National Equipment Leasing Corporation
Commercial Equipment and Property Fin

Just this spring, I have moved to the great state of Tennessee. I am still working providing structured financing and equipment financing especially in the renewable energy and energy efficiency industries. My work takes me all over the South Eastern U.S. and I am diligently working on acquiring a southern accent. I live with my wife Beth. My son Michael got married last May and my daughter Lauren is a senior in B school at Michigan. I did have a fairly significant health scare in March and am continuing my pursuit of that ever elusive work life balance that I have heard so much about.
